

Positive Partnerships have a range of autism workshops specifically for parents/carers and school staff.

NORTHERN TERRITORY

TERM 3 & 4 WORKSHOPS 2023

- Our parent and carer workshops are designed to help parents and carers understand their young person and foster productive school, family and community relationships.
- Our autism programs are designed to help educators increase their understanding of autism and improve their skills and expertise when working with autistic students. They also provide strategies and resources for strengthening relationships between home and school.
