My name is _____

and I am _____ years old.

I have private parts.

These are my bottom, penis and testicles.

Private parts are usually covered by my underwear, unless:

I am having a bath or shower

I am changing my clothes

I am using the toilet/urinal

Sometimes, an adult may be allowed to see my private parts, when they need to take care of me.

If I don't want to show them my private parts, I can say 'no'.

Adults that can see my private parts:

My parents, doctors and nurses

When they ask to see my private parts, they will tell me why.

It is OK to say 'no'.

I can tell an adult I trust and they can help me.

This is OK.
