Starting my home learning

I am going to be learning at home.
My teacher is going to send me the work that I need to do

I will think about what I need to do the work.
I will get out the things that I need.

Do I need my book? A computer, a worksheet? Pencils? Scissors? Glue? or equipment for maths or craft?

I will sit at my work area and start my learning tasks.

I can feel proud of completing my home learning tasks.

I can choose to spend 5 minutes on one of my activities before I start my next learning task.

When the timer goes, I will start my next home learning task.
